★★★★★

"Ocean Z restaurant is the very first restaurant we book once our reservations for Aruba are confirmed.

We celebrated yet another anniversary on the island and Eva Zissu and her staff showed off their culinary expertise for fine dining.

The tuna tartar was extraordinary and the presentation was truly representative of a 5 star restaurant. I had the locally caught special grouper (I apologize for not remembering the name) with a pineapple chutney and caper sauce (both requested on the side and delivered exactly as requested) and my wife was blown away by the special veal chop served with 3 special sauces to finished on a hot stone at the table.

The meat literally fell off the bone. The meal was matched by the attentive staff as well as Eva's ever visible presence.

It was so outstanding we made a second reservation for the night before we leave. BRAVO EVA ZISSU and Ocean Z!!"

"The paella is absolutely delicious. We will be back and the staff is wonderful. Joseph was our waiter and he was amazing."

Our main goal is to ensure you make the most of your culinary experience in a warm and sophisticated ambiance. To add a special touch, live music accompanies your dining experience, providing a romantic atmosphere with the melodies of a professional violinist.

Furthermore, we strive to make each visit unique by changing the decor every night, offering a visual spectacle not to be missed.

To complement this unparalleled experience, it's important to highlight one of Ocean Z's most significant aspects: its privileged location with an incomparable ocean view. Imagine indulging in exceptional cuisine while enjoying a breathtaking Aruban sunset.
