Along with the Fontein Cave, the Guadirikiri Caves are located inside the Arikok National Park.

My husband and I stayed for 5 nights at this beautiful boutique hotel for my birthday celebration and it surpassed all of our (very high) expectations.

It is a beautiful property that offers tremendous privacy given the small number of rooms combined with exceptional service.

The hotel also has the top rated restaurant on the island which we thoroughly enjoyed on two of our evenings. What was truly exceptional however was the genuine kindness of the entire hotel staff.

We saw much of the island on our stay and I could not imagine a better choice to stay at than Ocean Z. Thank you Eva, Leoncita and all staff for memories that will stay with us a lifetime.
